

## Status memo Number 3

**July 4, 2017**

It's hard to believe, but we are almost there – two months ahead of schedule!! A vehicle that will meet Bp. Andrew's needs has been identified. It is a double cab Ford Ranger with a diesel engine. The truck is currently located in Johannesburg, South Africa...it is being watched over by our fellow Anglicans there. One final "push" will put us over the top.
